

How we work: Make a party or visit request!

- When making a request for a party or booking it is important you provide us with full details.
- Your details will be used to book a performer for your party.
- Please allow up to 72 hours for us to accept, amend or reject your request for a party.
- In the event a performer is not available or we need a little longer to check availability for your requested party date/time you may receive contact from us to discuss other possibilities.
- please remember our performers are self-employed & may have other parties or uni/placement or work commitments which affect availability.
- We will never accept a booking without having booked you a performer.
